

The Children's Hospital Charity*

You help
make Sheffield
Children's
Hospital even
better.

About us

The Children's Hospital Charity make Sheffield Children's Hospital even better. Your donations, sponsorship and fundraising help us go above and beyond the NHS provision, building a comfortable and engaging environment, whilst ensuring we stay at the forefront of paediatric care.

1 of 4

specialist children's hospitals in the UK.

Your donations fund **FOUR** key areas:

- Specialist medical equipment
- Research into the prevention and cure of childhood illnesses
- Improvements to the hospital environment
- New facilities to extend the range of treatment provided

Together we have funded...

Every donation small or large really does make a difference to the thousands of children who visit Sheffield Children's Hospital. Here are a few areas YOU have helped:

£2.3million

3T MRI Scanner produces images of the entire body and its rapid imaging during brain surgery assists the surgeon by providing them with more detailed information

£17,000

towards workshops on our wards from mosaics and bunting to animation and cello playing!

£250,000

funded a brand new digital X-Ray in the new Outpatients, thanks to the support of Westfield Health

Play Tower
£400,000

has created an element of play into the new wing of the hospital. Patients can go in the tower for distraction and fun, away from their beds

46

single bedrooms and

6

four bed bays which are bright, colourful and are bound to make you smile

72
bedside patient entertainment systems in the new wing of the hospital

13 clinical treatment rooms, all of which have been sponsored by some very kind companies and supporters

A life-changing Vitamin D Analyser costing **£200,000** for the hospital's laboratory

Physiotherapy equipment in the new wing of the hospital costing **£72,000**

£40,000

pledged by 36 schools showing their support with Christmas snowflakes

148 festive sparklers supported by local businesses has topped **£130,000**

SPECT CT scanner
£800,000

Improved scans mean faster tailored treatments, and fewer unnecessary medicines & therapies that can leave our patients feeling unwell

£400,000

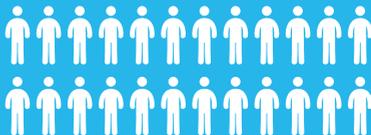

funded secure and safe outdoor spaces in the new wing of our hospital so children and their families can get some fresh air

#TeamTheo

HELPING ACROSS THE WORLD... WHY OUR HOSPITAL IS AMAZING

Bone experts from Sheffield Children's Hospital travelled to India to give life-improving surgery to 40 children and provide advanced medical training to 85 medical staff.

On average **200** patients are seen and treated in our Emergency Department every day. In 2016/17, 57,000 patients were treated in the department.

Every week we see a huge number of patients and their families...
